Replace "Remove:" with a explicit/questionable word to remove and hit enter

Words will be added or removed from the lists.

The screenshot shows a window titled "View/Edit List" with a light gray background. Inside, there are two main sections: "Bad Words" and "Questionable Words". Each section has two input fields: "Add:" and "Remove:". Below these sections, there is a text prompt "Input changes and press enter." followed by a list display area. The list display area has two sections: "Bad Words:" followed by a red rectangular box, and "Questionable Words:" followed by a yellow rectangular box. The window has standard macOS window controls (red, yellow, green buttons) in the top left corner.
